

Annapolis, Maryland, April 3, 1914.

A meeting of the Board of Public Works was held at the Executive Offices, Annapolis, this date.

Present: The Governor, Comptroller and Treasurer.

The Governor submitted to the Board a letter received from Fish Commissioner W. A. Smith, of the Western Shore, dated March 16, 1914, recommending the sale of a certain tract of land in Garrett County heretofore purchased by the State for the purpose of erecting a hatchery to propagate and hatch brook trout. As this property was never used for the purpose named, the Commissioner recommends the sale of the tract of land in question.

Upon motion of General Vandiver, seconded by Comptroller Harrington, it was ordered that the tract of land be sold to the highest bidder, and the proceeds arising from said sale be turned into the treasury of Maryland.

There being no further business before the Board, a motion to adjourn was made and carried.

Robert T. Graham

Secretary.
